If you choose to take the bag with you, the Grantour Travel Bag is equipped with a comfortable and stylish handle. The Grantour Travel Bag's adjustable backrest pad brings increased comfort to the rider when mounted on the passenger seat. Go ahead. Pack up and hit the road. The Grantour Travel Bag is right behind you.

IMPORTANT

Kuryakyn is not responsible for improper loads or unsafe positioning of the Grantour Travel Bag. Be sure the weight of the contents in the bag does not in exceed safe limits. It is the riders responsibility to determine what the safe limit is based on the position of the bag, proper securing of the bag and weight limits called out by the manufacturer of the motorcycle.

The following are guidelines and suggestions for many common mounting situations:

PIC.1 shows the Grantour Travel Bag mounted on back of the sissy bar on a luggage rack. The Wide Velcro Strap attached to the bag wrap around the back rest. Using the supplied adjustable straps with steel hooks secure the bag to the bike. There are plenty of D hooks to be used for this.

PIC.2 shows the Grantour Travel Bag mounted on the passenger seat. This is where the adjustable backrest pad will give the driver added comfort. You need to tri fold the wide Velcro strap in a manner to have the two strips of Velcro line up with the ones on the pad.

PIC.3 shows how the Two Piece Under Seat Mount is placed under the passenger seat. It may be necessary to remove the OEM rubber pads from the bottom of the passenger seat pad in order for the Two Piece Under Seat Mount to fit properly. The passenger seat must be firmly secured over the Two Piece Under Seat Mount to keep it in place.

RETRACTABLE CABLE LOCK

404141L

STEP 1 See PIC.4. To select a new combination for the lock, press button "A" and hold down. Push the cable end (labeled as "B") down/inward until you hear it click.

STEP 2 Choose your new combination by turning the three tumblers (labeled as "C") to a three-digit combination that you will remember. Then pull back up on the cable end to set your combination.

STEP 3 Press down on the "A" button to pull the cable end out. Plug the cable end into the cable lock receptacle (labeled as "D") until you hear it click into the locked position. If you have too much slack in the cable, press the "A" button to recoil the slack amount of cable. Turn the tumblers to a position that is NOT your chosen combination to lock the mechanism.

STEP 4 To unlock, turn the tumblers to your chosen combination and press the "E" button to release the cable and the "A" button to recoil the cable.
