

Recon Magnetic Tank Bag Mounting Instructions

Step 1: Both Recon Magnetic Tank bags are intended for use on bikes with metal tanks. These bags WILL NOT WORK on bikes with plastic or fibre glass tanks. Center the bag over top of the tank and prepare to set it down.

Step 2: Both Recon Magnetic Tank bags are intended for use on bikes with metal tanks. These bags WILL NOT WORK on bikes with plastic or fibre glass tanks. Be sure that all three flaps are secured and are making contact with the tank.

Step 3: Both Recon Magnetic Tank bags are intended for use on bikes with metal tanks. These bags WILL NOT WORK on bikes with plastic or fibre glass tanks. In case of rain, pull out the rain cover located at the front of the bag and pull out cover entirely. Then pull the cover over the bag and tighten using the draw string.
